

UNIQUE TIME-SAVING PROFESSIONAL TOOLS

PRODUCT CATALOG 2023

Version 5: WIP 20230720 0646 (Prelim.)

Since our humble beginnings in 2012, the vision of Vampire Tools, located in Irvine, California, has been to revolutionize hand tools to provide innovative, high quality, and function-driven tools that offer unique solutions to tough problems. Our tools are made with the highest-quality material to ensure the utmost durability and longevity; an investment that provides satisfaction and a sense of accomplishment for years to come.

VT-001-5

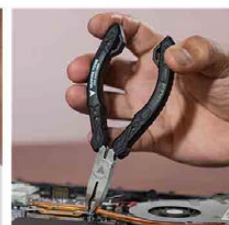

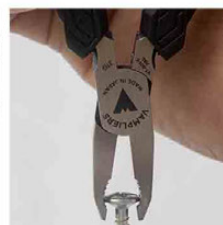

5" MINI SCREW EXTRACTION PLIERS

High-quality specialty pliers to extract small stripped or stuck screws, and rounded nuts or bolts.

- Target screws can be extracted using top jaw or side jaw.
- Perfect slim nose design, ideal for working in confined spaces.
- Ergonomic elastomer handles for unmatched comfort.
- ESD safe handle.

SPECIFICATIONS

Description/Descripción	Unit/Unidad
Model/Modelo	VT-001-5
Actual Size/Tamaño real	4.96 x 2.04 x 0.39" (126 x 52 x 11 mm)
Hardness/Dureza	HRC 56±2
Cutting Capacity/Capacidad de corte	N/A
Material	Carbon Steel
Weight/Peso	2.65 oz (75 g)

VT-001-5LN

5 1/2" MINI LONG NOSE PLIERS

High-quality specialty pliers for work on electronics, circuit boards, PCBs and other small components.

- Serrated jaws to hold objects firmly.
- Compact long nose pliers for precise work with PCB/SMD electronics, circuit boards and other small components.
- Eco-friendly and ESD-safe comfortable handle made of thermoplastic elastomer.
- Spring-loaded grip for easy operation.
- Strap holes at base of handle.

SPECIFICATIONS

Description/Descripción	Unit/Unidad
Model/Modelo	VT-001-5LN
Actual Size/Tamaño real	5.5 x 2.02 x 0.43" (140 x 51 x 11 mm)
Hardness/Dureza	HRC 58±4
Cutting Capacity/Capacidad de corte	Ø0.08" (Ø2 mm) Copper Wire Ø0.05" (Ø1.2 mm) Soft Steel Wire
Cutting Length/Longitud de corte	0.39" (10 mm)
Material	Carbon Steel

VT-001-5MN

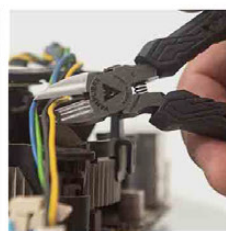

4 3/4" MINI PRECISION NIPPERS

High-quality specialty nippers or cutters for work on electronics, circuit boards, PCBs and other small components.

- Compact sized with full-flush cutting edge designed for cutting of electronic components, copper wire, and soft component lead wires.
- Outstanding sharp cutting jaws made from heat-treated carbon steel for excellent cutting performance & durability.
- Eco-friendly and ESD-safe comfortable handle made of thermoplastic elastomer.
- Spring-loaded grip for easy operation.
- Strap holes at base of handle.

SPECIFICATIONS

Description/Descripción	Unit/Unidad
Model/Modelo	VT-001-5MN
Actual Size/Tamaño real	4.75 x 2.12 x 0.43" (121 x 54 x 11 mm)
Hardness/Dureza	HRC 58±4
Cutting Capacity/Capacidad de corte	Ø0.05" (Ø1.2 mm) Solid Copper Wire Ø0.08" (Ø2 mm) Stranded Copper Wire
Cutting Length/Longitud de corte	0.59" (15 mm)

MADE IN JAPAN

VT-001-5NN

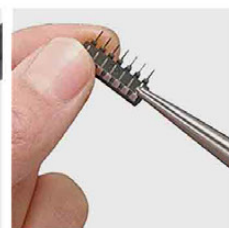

5 1/2" MINI NEEDLE NOSE PLIERS

High-quality specialty pliers with non-serrated jaws for work on electronics, circuit boards, PCBs and other small components.

- Flat, non-serrated jaws are ideal for work on electronics, circuit boards and other small components.
- Eco-friendly and ESD-safe comfortable handle made of thermoplastic elastomer.
- Spring-loaded grip for easy operation.
- Strap holes at base of handle.

SPECIFICATIONS

Description/Descripción	Unit/Unidad
Model/Modelo	VT-001-5NN
Actual Size/Tamaño real	5.51 x 1.97 x 0.43" (140 x 50 x 11 mm)
Hardness/Dureza	HRC 46±4
Cutting Capacity/Capacidad de corte	N/A

VT-001-7

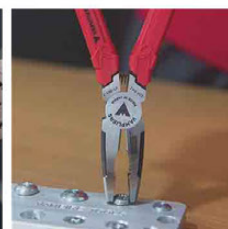

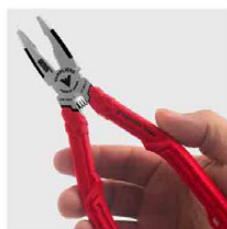

BOSS™ 7" SCREW EXTRACTION & WIRE CUTTING PLIERS

Easily removes stripped, rusted, torx, and dome head screws as well as low-profile screw heads. Side cutting feature for steel and copper wire.

- Coiled spring-loaded for easy handling.
- Designed with a slender and tapered grip that requires less handgrip strength.
- Handles made of Thermoplastic Rubber (TPR) for maximum durability and comfort.
- Pliers storage cap included.

SPECIFICATIONS

Description/Descripción	Unit/Unidad
Model/Modelo	VT-001-7

VT-001-7LN

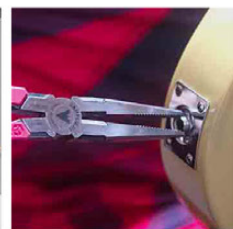

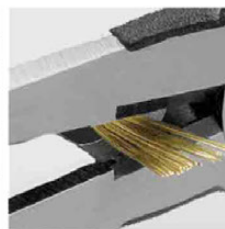

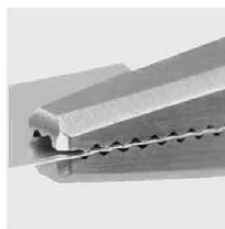

7 1/2" LONG NOSE SCREW EXTRACTION PLIERS

Remove stuck or rusted screws where all screwdrivers fail.

- Multipurpose pliers for removing stuck screws.
- Long nose ideal for hard to reach small screws up to 0.22" (5.5 mm) in diameter and up to 0.09" (2.2 mm) in height.
- Vertical serrations bite a screw head without slippage.
- Intermeshed teeth hold even thin plates securely, without slippage.
- T-shaped forged handles prevent the grip covers from twisting or slipping off.
- Ergonomic elastomer handles for unmatched comfort.

7" SLIP-JOINT SCREW EXTRACTION PLIERS

Remove stuck or rusted screws where all screwdrivers fail.

- Ideal for stripped or damaged screw heads.
- Ideal for screws or bolts frozen with rust.
- Ideal for any screw head with a special, unique, or tamper-proof slot.
- Slip-joint structure enables you to select two positions of opening jaws.
- Perfect slim nose design, ideal for working in confined spaces.

VT-001-8

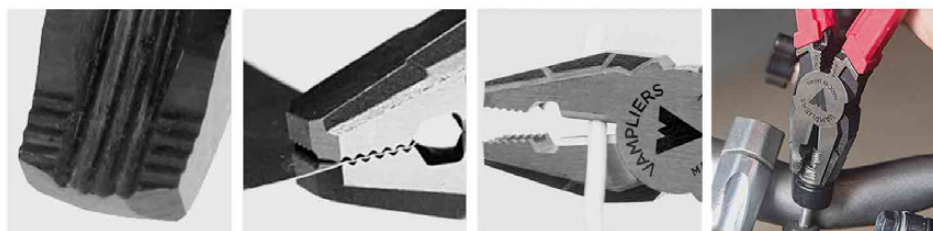

8" PRO SCREW EXTRACTION & MULTIPURPOSE PLIERS

Remove stuck or rusted screws where all screwdrivers fail.

- Multipurpose pliers for removing stuck screws, rounded nuts and bolts, and for cutting and twisting wires.
- Both vertical and horizontal serrations grasp screw heads or nuts and bolts without slippage.
- Elaborate angle of serrations enables to bite and turn truss screws (lower-profile dome head).
- Crests and troughs on horizontally-serrated jaws are designed to grab very thin plates securely.
- Perfect slim nose design, ideal for working in confined spaces.
- Ergonomic elastomer handles for unmatched comfort.

SPECIFICATIONS

Description/Descripción	Unit/Unidad
Model/Modelo	VT-001-8
Actual Size/Tamaño real	7.87 x 2.09 x 0.75" (200 x 53 x 19 mm)

VT-001-9

9" LINESMAN PLIERS WITH SCREW EXTRACTION FEATURE

High-quality specialty pliers to extract stripped or stuck screws, and rounded nuts or bolts.

- Removes stubborn screws.
- Cable-cutter, ideal for 3-core flat cable, too.
- Crimper for bare terminals (AWG16-12).
- Eccentric high leverage structure - powerful gripping and cutting capacity.
- Achieve a secure grip by shifting vertical serrations to 0.16" (4 mm) from the center.

SPECIFICATIONS

Description/Descripción	Unit/Unidad
Model/Modelo	VT-001-9

VT-002-6

BRUTE™ 6 1/4" SCREW
EXTRACTION PLIERS

Easily removes stripped screws, including low profile truss screws, and cuts copper wires.

- Slender jaw design ideal for working in tight spaces.
- Black oxide finish for enhanced rust resistance.
- Intermeshed teeth firmly grip the finest metal sheets and shims.
- T-shaped handles for reduced weight and slip-free grip.
- Securing holes run through the metal of handles for better safeguarding of pliers.

How Does **VAMPLIERS®** Technology Work?

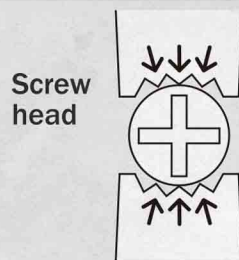

VAMPLIERS® Technology utilizes a patented design with vertical and horizontal serrations that leads down the inside of the jaws to the tip of the pliers that generate a "teeth-like" gripping power with no slippage whether using the top or side jaw.

Ordinary pliers

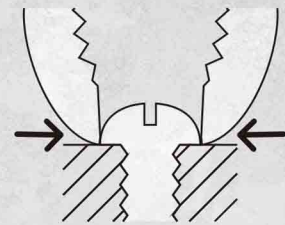

Ordinary pliers jaws are lined with horizontal serrations. When you grasp and turn a screw head with ordinary pliers, the jaws slip and the screw remains stuck.

Vertical serrations

VAMPLIERS® specially-designed jaws generate gripping power.

Maximizes the friction

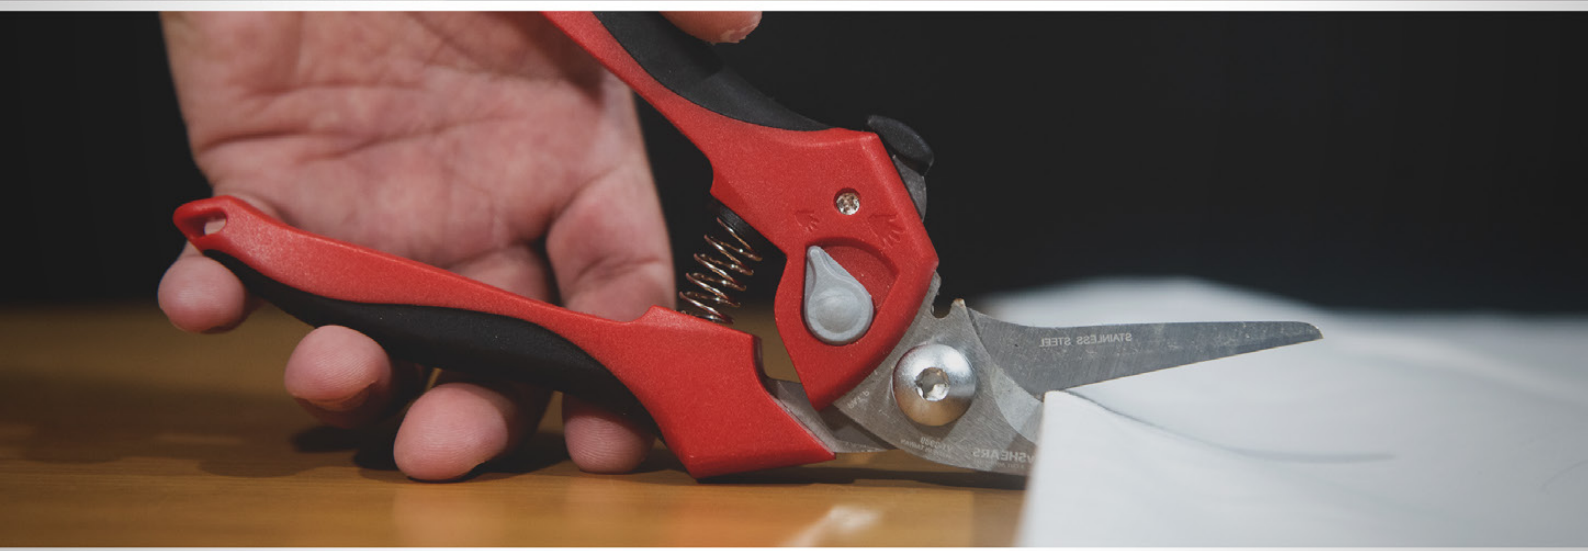

VAMPLIERS® perfectly-fit serration maximizes the friction with no slip.

VAMPLIERS® REMOVE THE MOST DIFFICULT SCREWS EASILY WITHOUT SLIPPAGE!

VAMPIRE TOOLS®

VSHEARS™
A CUT ABOVE ALL

MADE IN TAIWAN

VT-2851

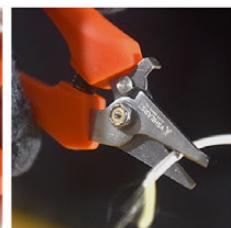

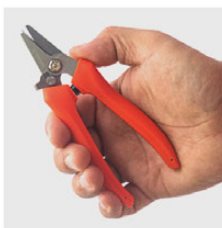

**5 1/2" KEVLAR® & FIBER OPTIC
CABLE CUTTER**

Specially designed for cutting KEVLAR® materials. Excellent for cutting upholstery, plastic, canvas, headlines, cloth, fabric, string and many other materials.

- Blades made of High Carbon Alloy Steel with double heat treatment for rust resistance, extended durability, and easily resharpenering.
- One micro-serrated blade (fine lines ground into the edge of blade) to provide maximum hold on the material ensuring a clean and precise cut.
- Convenient, one-handed swing lock.
- Ambidextrous for right or left-hand use.
- Handles made of Thermoplastic Elastomer (TPE) for comfort and durability.

SPECIFICATIONS

Description/Descripción	Unit/Unidad
Model/Modelo	VT-2851
Actual Size/Tamaño real	5.43 x 1.69 x 0.59" (138 x 43 x 15 mm)
Hardness/Dureza	HRC 60-62
Cutting Edge Hardness/Dureza de vanguardia	HV 1200
Cutting Length/Longitud de corte	0.87" (22mm)
Material	High Carbon Alloy Steel
Weight/Peso	2.36 oz (67 g)

MADE IN TAIWAN

VT-2853

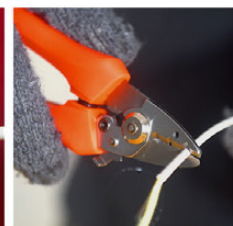

5 1/2" FIBER OPTIC TRI-HOLE STRIPPER

Specially designed for stripping fiber optic cables from the outside fiber jacket down to the glass fiber with no nicks or scratches.

- Blades made of High Carbon Alloy Steel: Precision-ground and infused with Molybdenum + Vanadium for rust resistance, extended durability, and easy resharping
- Convenient, one-handed swing lock design.
- Ergonomic grip: Strain-free, TPR handles.
- Extended tang for extra strength.
- Handy and lightweight.
- Rivet made of middle Carbon Steel with nickel plating.

SPECIFICATIONS

Description/Descripción	Unit/Unidad
Model/Modelo	VT-2853

VT-2956-520

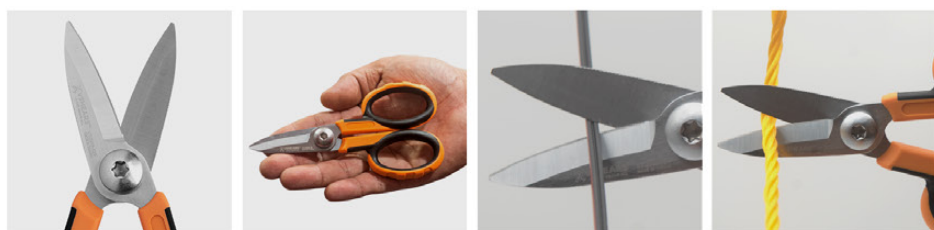

5 1/2" FIBER OPTIC KEVLAR® CUTTER

Specially designed for cutting KEVLAR® materials. Excellent for cutting soft cable, insulation materials, electrical tape, cable tie and many other materials.

- Blades made of heat-treated, high carbon alloy steel that is precision-ground and infused with Molybdenum + Vanadium for increased hardness, strength, and superior rust/corrosion resistance.
- One micro-serrated blade (fine lines ground into the edge of one blade) to provide maximum hold on the material, ensuring a clean and precise cut.
- Ergonomic modern handles made made of nylon with 30% fiberglass and TPR overmolding for comfort and durability.
- Ambidextrous for right or left-hand use.

SPECIFICATIONS

Description/Descripción	Unit/Unidad
Model/Modelo	VT-2956-520
Actual Size/Tamaño real	5.43 x 2.76 x 0.67" (138 x 70 x 17 mm)

VT-3909

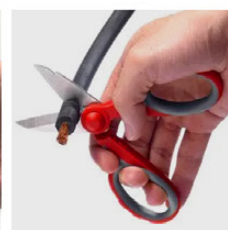

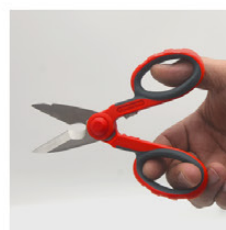

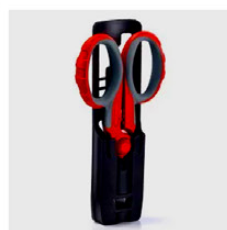

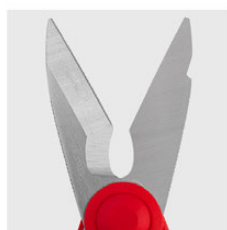

ESHEARS – ALL-IN-ONE ELECTRICIAN'S SCISSORS

The best electrician's shears!

- Made of high carbon steel with molybdenum and vanadium micro-serrated blades, which are vacuum hardened for everlasting durability.
- Outfitted with sporty ergonomic handles made of nylon and 30% fiberglass for comfort and designed for ambidextrous use.
- Crimp terminals (0.02 ~ 0.16" / 0.5 ~ 4 mm).
- Slice a copper sheet up to 0.02" / 0.5 mm thick.
- Easily cut soft cable of up to 1.97" / 50 mm diameter.
- Clean electrical boxes with notch on outer blade and non-slip grip lines.
- Cut cable ties and assorted electrical material with it's micro-serrated blade.

SPECIFICATIONS

Description/Descripción	Unit/Unidad
Model/Modelo	VT-3909
Actual Size/Tamaño real	5.47 x 2.76 x 0.67" (139 x 70 x 17 mm)

VT-011

SUPER COMBO SCISSORS

Multipurpose scissors for leather, fabric, rope, carpet, cord, metal wire, etc.

4-IN-1 MULTIPURPOSE BLADE COMBINATION | CUCHILLO DE MULTI-USO 4 EN 1

1

Flat Blade | Cuchillo Plano

While cutting thin films, paper or cloth, the scissors will slide through easily after the initial cut.

Al cortar láminas delgadas, papel o tela, las tijeras se deslizarán fácilmente después del corte inicial.

2

Micro-serrations | Micro-estrías

Micro-serrations allow ease of cutting without slippage of material being cut.

Permiten la facilidad de corte sin deslizamiento de material cortado.

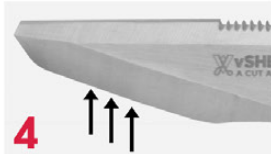

3

Wire Cutter | Cortador de Alambre

Can cut wire with minimum gripping power.

Puede cortar alambre con la potencia mínima de sujeción.

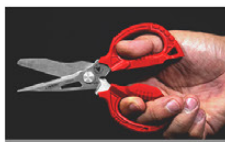

4

Box Cutter | Cortadores de Cartón

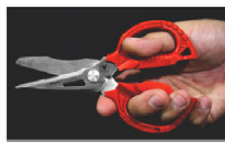

Handy box cutter easily opens carton boxes without damaging box contents.

Abre fácilmente cajas de cartón sin dañar contenido de la caja.
